

Your Guide to Financial Assistance

How can we help you make your Dementia Adventure happen?

As a charity, we fundraise to make our holidays more affordable for everyone. This year, we're responding to the current cost-of-living crisis by subsidising our 2023 holidays by a minimum of 30%.

Depending on the location, a typical five-day holiday is currently between £1,000 to £1,350 per person. After making your payment (including your deposit), there will be no more additional charges unless there are breakages or damage. The price you pay includes accommodation; food; transport; activities; around-the-clock support for the length of your trip; and all the organisation in the run-up! Behind every holiday there is a crew of people hard at work to ensure your trip goes off smoothly and safely, from scouting and booking locations to the nitty-gritty of meal plans and health-and-safety checks.

By running our holidays on a not-for-profit basis, working with fully-trained volunteers, and using donations and funding from our supporters to cover at least 30% of the holiday cost, we aim to give a break to as many people who need one as possible—regardless of their financial situation.

We don't want finance to be a barrier to people getting the holiday they need. We fundraise so that we can provide an additional financial subsidy for those who cannot afford the advertised prices.

We want to use our charitable subsidy for the people that need it the most. By paying the price listed, you could make a holiday possible for somebody who may not otherwise be able to afford it. But we don't want money to be a reason for people to not have a holiday.

There are many ways of getting some help to help pay for your holiday and we have included some ideas here. Most of the grants and bursaries are fairly straightforward to apply for. However, if you think you may be eligible for some financial assistance and need some help with the process please [Contact Us](#) and we will try to help.

Talk to your local authority

It is always worth checking with your local council Social Services Department to find out if you or the person you care for are eligible for support. In order to qualify, you and the person you are looking after will need to have your needs assessed.

People who are entitled to support from local authority social services should be offered the option of having a personal budget. This allows them to have a say in what the money that has been allocated to meet their care needs is spent on. Some people may like to receive this as a direct payment. This means that they control the money and how it is spent themselves and can

use this money to pay for a supported holiday with Dementia Adventure. People living with dementia who may have difficulties making decisions are entitled to receive self-directed support from a local authority. This may be managed by a person appointed to make money decisions on their behalf, who may be a trusted family member.

Top tips

Look locally: There are numerous local trusts which help people within certain geographical areas. Is there a local fund covering your area?

Be specific: Apply only for grants where they specify holidays, breaks or respite will be funded

In the UK there are thousands of awards and grant schemes designed to provide and offer financial support and assistance to individuals, each with their own eligibility criteria. Please find a list below of some opportunities that we have identified, which may help you to experience one of our holidays.

Turn2us: a free service that helps people in financial need to access welfare benefits, charitable grants and other financial help - online, by phone and face to face. The website features a free and easy to use grants search and benefits calculator. w: www.turn2us.org.uk

Carers Trust: If you are an unpaid family carer, Carers Trust has a Carers Grant Fund which can provide up to £300 towards the cost of a short break. To apply, contact [your local carer service](#) so they can advise you. They will complete a supporting statement for you on the application form. w: www.carerstrust.org.uk e: info@carers.org t: 0300 772 9600

Additional Dementia Adventure Financial Support

We may be able to offer you financial support towards your holiday using the Dementia Adventure Support Fund. This could be a contribution towards the cost of the holiday itself, or it could be towards anything that is creating a barrier to you taking your holiday—like the cost of transport, clothing, or personal care. In order to be considered, you or the person you are caring for must have a formal dementia diagnosis, live in the UK, and be unable to pay the listed prices on our website.

Below is a list of some of the things we might consider when reviewing your eligibility for the Fund:

- You haven't had a holiday in a significant period of time.
- The reason you haven't been able to go on holiday is due to lack of finances.
- You have applied or are planning on applying for additional funding elsewhere.
- You are receiving means-tested benefits.
- You have not previously accessed financial support through the Dementia Adventure Support Fund within the last 12 months.
- You will significantly gain from having a Dementia Adventure supported holiday, in a way that will contribute to your wellbeing beyond the duration of the holiday itself.

We will always consider everyone on an individual basis, so don't be put off if you think you have a reason for receiving funding from the Support Fund that isn't represented in this list, [get in touch](#) and we will do our best to help you.

If you are eligible for funding, we will ask that you allow us to use your holiday story in order to give others an idea of the impact that a Dementia Adventure holiday can have.

Thanks to Our Supporters

Our ability to provide financial assistance from the Dementia Adventure Support Fund is made possible by funding from individuals, businesses, and grant funders, including the players of People's Postcode Lottery. We give our heartfelt thanks to all those who help us give people living with dementia and their carers the crucial break they need.

Thank you also to those who, when able, pay the prices of the holidays listed. You are helping make a holiday possible for someone who may not otherwise be able to afford it.
